

# KOCHUR VIKTOR

+7 977 427 97 92 ◊ Citizenship: Uzbekistan ◊ Current Location: Moscow, Russia

[vitekkochur@gmail.com](mailto:vitekkochur@gmail.com) ◊ [LinkedIn](#) ◊ [GitHub](#)

## EDUCATION

---

**MISiS University of Science and Technology**, Moscow, Russia  
Bachelor's in Computer Science

Sep 2019 - Jun 2023

**DevOps Summer School HSE** Moscow, Russia  
Containerization and CI/CD technologies

Aug 2022

## SKILLS

---

<b>Hard Skills</b>	C/C++, Python, C#, SQL Algorithms/data structures, Docker, Git, GitLab CI, TCP/IP Linux, PostgreSQL, protobuf, Manual Testing, cmake
<b>Soft Skills</b>	Time Management, Teamwork, Communication, Stress-resistance
<b>Languages</b>	Russian: Native, English: Advanced, French: Elementary

## PROJECTS

---

**Online photo gallery** (PHP, HTML, MySQL)

- Implemented an authentication system, Collected and stored data in a database.
- Implemented simple HTML interface.

**Json Parser** (C++, STL, json)

[GitHub](#)

**Transport Directory** (C++, STL, protobuf, SVG, cmake)

[GitHub](#)

- Finds the quickest way from one bus station to another.
- Draws the whole bus routes map using SVG.

**Lite Python Interpreter** (C++, STL, Python, cmake)

[GitHub](#)

- Analyzes python code.
- Compiles this code.

**Mahjong game** (Unity, C#, MS SQL)

- Created a game with main menu, leader board and playing field.
- Conducted manual testing of the game.

## EXPERIENCE

---

**C#/Unity Developer, HerbariumGames**

Feb 2020 - July 2020 (6 months)

Implemented mini-games and worked with interface. I learned teamwork and working with Git.

## EXTRA-CURRICULAR ACTIVITIES

---

- Development in C++ (5 coursers) Yandex & E-Learning Development Fund, Moscow Institute of Physics and Technology [Certificate](#)
- Algorithms/data structures Training Yandex
- "14 Days Study Plan to Crack Algo" Leetcode
- Database: Basics and Theory VK Team
